

Waste In Place

Environmental Teacher Training Workshop

PRESENTING 'CLEAN SWEEP USA' - KEEP AMERICA BEAUTIFUL'S NEWEST PROGRAM!

Are you looking for an Earth Day project?
Would you like to start an environmental program in your classroom?
Do you need hands-on activities about litter and recycling?

PLEASE BRING A SHOPPING BAG!

Each can be found in Waste In Place, a hands-on, interdisciplinary supplementary curriculum that teaches children about preventing litter, reducing waste, recycling, composting, waste-to-energy and landfills. Keep Chicago Beautiful, an affiliate of Keep America Beautiful, will present this active workshop where attendees complete a series of hands-on activities from the curriculum while learning about litter prevention and responsible solid waste management practices. Workshop participants will receive curriculum guides, supplemental materials, lunch, great ideas for their classrooms and a tour of the building. This workshop qualifies you for FOUR Continuing Professional Development Units for State of Illinois Certificate Renewal.

CIRCLE ONE DATE ONLY - Saturday 11/7/09, 2/6/10, 3/6/10, 4/17/10
Chicago Center for Green Technology (Look for CCGT on Building)
445 North Sacramento Blvd. (Parking in Rear)
9:00 a.m. – 1:00 p.m.

RSVP: Joyce Kagan Charmatz, President, Keep Chicago Beautiful, (312)863-6196, fax (312)863-6194, email joyce@kcb.org
